You will recall that I told
you that Mary Ward wants
to proceed with drafting a
contract for Ginevan to work
on this (i.e. generate a manuscript)
with Viron under CIAR auspices.
She would like to have the
board vote on it and proceed

ASAP.
It certainly looks
as if it's worth
pursuing.

Notes: As we discussed yesterday, I enclose:

- 1) a draft report by John Viren;
- 2) a set of Tables and Figures beginning with
Table 3.1 representing a slightly different
method of analysis; and
- 3) a c.v. for Dr. Michael E. Ginevan.

Sincerely,

Mary E. Ward
